

Hello Norm,

Thank you for your letter regarding the end of the Clean and Disinfect Allowance that has been in place since April 1, 2020.

This allowance was intended as a temporary measure while the province wide COVID-19 State of Emergency was in effect, to support accredited repair facilities as they navigated the new safety measures.

MPI provided the Clean and Disinfect Allowance for the duration of the State of Emergency. Upon the ending of the State of Emergency, it was determined that the Clean & Disinfect Allowance would conclude. MPI provided an additional two months of support to December 31, 2021 to allow repair facilities to complete any work in progress and plan the transition of their cleaning and disinfecting protocols.

At this point, we will not be extending the Clean and Disinfect Allowance past December 31, 2021. We will continue to monitor the situation and should a State of Emergency related to COVID-19 again be declared, we will reassess our position on this matter.

It is our sincere hope that this allowance has provided the assistance and opportunity for your members to understand COVID-19 needs and create plans for their individual facilities.

Regards,
Marnie Kacher
